

Work Rehab Registration Process Modifications

Effective immediately we are transitioning to a new registration and scheduling process. This new process will allow a centralized system for scheduling both clinic and therapy appointments. Patients coming for therapy in Work Rehab will now register at the occupational health clinic registration desk. Encourage your employees to look for signage upon entering the department that will guide them to the correct area for registration.

Billing Adjustments

Annual hospital fee adjustments will be made on 1/1/10. Please note, however, that many insurance companies have pre-negotiated rates with our hospital.

The following options have been restructured to improve our available menu of employment related services. Please note the changes in fee structure on the following services.

Post-Job Offer Physical Assessment - Limited Medical and Musculoskeletal Screening, Focused Past and Present Medical History, Vital Signs, Vision Screen, Hand Assessment, And Limited exam of the ears, nose, heart, and lungs.	\$65
Post-Job Offer Physical Assessment - Comprehensive Job-specific Medical and Musculoskeletal Screening, Focused Past and Present Medical History, Vital Signs, Vision Screen, Hand Assessment, Back/Spine Assessment, Palpate Abdomen, Leg/Varicose Vein Exam, Skin/Scalp Assessment, Extremities/Range of Motion, Hernia Evaluation, Lift Test up to 50 lbs	\$85
DOT Physical DOT Physical (\$55) Audiogram (discounted to \$10 w/ DOT px) Dipstick Urinalysis (discounted to \$10 w DOT px) Vision Screen (no charge)	\$75

Flu Vaccine Update

Allen Occupational Health does not anticipate receiving any additional flu vaccine, therefore will not be administering flu vaccine for the remainder of the year. We appreciated everyone's cooperation as we worked through the shortage of vaccine this season.

Upcoming Events

December 15, 2010

How to Comply with Title II of GINA

Do you have TOO much information about an employee? What is genetic testing and when is it prohibited. Learn how genetic information is off limits under the new regulations at our upcoming Allen Occupational Health Seminar .

krachtna@ihs.org

January 15, 2010

Hearing Conservation Recertification Class
Details: TBA

For more information contact Marlys Nelson
nelsonmj@ihs.org or 319-235-3523

Holiday Hours

In observance of the upcoming holidays we will be closed Thursday, December 24, and Friday, December 25. We are also closing at noon on Thursday, December 31, and closed all day on Friday, January 1.

As with weekends in general, but in particular, holiday weekends, the laboratory is staffed to accommodate urgent, emergency and inpatient services. While we offer 24-hour drug and alcohol testing services for our company clients, we ask that you respect the limited resources of the health care system on weekends and holidays and refrain from encouraging routine post-job offer and random drug testing outside of regular clinic hours.

Exterior Way-Finding Signs Assist Visitors/Patients

Allen Hospital is now easier to navigate. The original building has been added onto many times since 1925. Over the years, the layout has changed making it sometimes difficult for visitors and patients to find their way around. New signs numbered 1 - 9 in parking lots and entrances have been installed starting at the front of the building. The signs will help direct patients and visitors to the correct entrances.

The Occupational Health Entrance for all work related injury care and work rehab is number 9. Please note that this entrance has NOT changed, it is now just labeled as entrance #9. In addition, all after hours services will be directed to the Emergency Department which is labeled #4 on the diagram below. After hour drug tests will now, also, check in with the receptionist in the ED lobby and inform them they have arrived for a Random/Post Job Offer drug test only. They will, then, be directed to the Laboratory. The old outpatient entrance will no longer be utilized for any occupational health services. For larger diagrams please visit www.allenocchealth.com.

Entrance	New Name	Old Name
1	Visitor Entrance 1	Logan Avenue Entrance
2	Entrance 2	Valet Entrance
